

DEMATHA ENGLISH MEDIUM SCHOOL

SCHOOL ADMISSION

OPENS NOW

WE PROVIDE A
SOLID FOUNDATION
FOR YOUR
CHILDREN'S
FUTURE

OUR HISTORY

With the vision to help promote an integral, physical, social, intellectual, moral and harmonious growth of the children while they are yet young, so that they may grow as mature and responsible citizens of this land. Our school focuses on the total of their sense of freedom with adequate responsibility to cope up with today's changing society at large.

To adapt to the growing strength of the school, we had to think of a solid foundation and came through by April 12, 2021, when the beautifully erected building was blessed and inaugurated by Rt. Rev. Dr. John Moolachira, Archbishop of the Archdiocese of Guwahati. Currently, over 550 students are enrolled in our school.

The motto of De Matha School is: "Educate to liberate." It has two connotations: first, education is a powerful tool to liberate oneself from the fetters of ignorance; second, the education enables to liberate others and the world around him. The world stands in need of liberation from various chains of slavery: liberation from violence, intolerance and injustice.

DeMatha School teaches its students the lessons of tolerance, love, unity and brotherhood.

ABOUT OUR MISSION

With the vision to help promote an integral, physical, social, intellectual, moral and harmonious growth of the children while they are yet young, so that they may grow as mature and responsible citizens of this land. Our school focuses on the total of their sense of freedom with adequate responsibility to cope up with today's changing society at large.

TO MAKE OUR STUDENTS GLOBAL CITIZENS AND FUTURE LEADERS OF "ONE FAMILY"

GOAL AND NET RESULTS

The motto of DeMatha School is 'Educate to Liberate'. DeMatha School aims to liberate Children who come through our doors from the locality and around. They will not have to travel too far to get to the much required education. The children will not have to depend on transportation which often is unsafe and consuming time and energy. The lessons we impart will eventually help them to earn a livelihood, sustenance, for them and their families. Once educated adequately they will be able to find jobs which will eventually save them from being snatched by the underground miscreants. Crimes will decrease and the education will bring them a decent living and make them think maturely not only just about their well-being but also about their neighbors as well. Also, some of the well-educated and qualified in the locality will take up their seats in local government authority to bring changes and new developmental activities. The school will staff some of them providing employment. Education will help the children to be mature citizens enabling them to lead the nation to its desired destiny. Thus, the outcome will be the integral formation of the students, which will help them grow intellectually, morally, psychologically and spiritually.

ACADEMICS

Our school aims at forming global citizens with the five qualities any individual should have, i.e., Punctuality, Hardwork, Teamwork, Marketing skills, Cultural and Moral Values. We implement the academic plan to enhance students' intelligent, Emotional and Spiritual Quotient.
